(Formerly Indira Gandhi Institute of Technology)

TRAINING & PLACEMENT CELL

Ref No. 13.66/T.NP/IGDTUW.....

Date 24/11/2021.....

MESSAGE FROM TPO(ICE)

It fills me with immense hope and pleasure when I look back and think about how far Indira Gandhi Delhi Technical University for Women has come in such a short span of time. To see a women's university in a field where women have historically been underrepresented stand shoulder to shoulder with giants is the strongest testament to the vast potential that IGDTUW and its students possess.

It is a matter of great pride and honor to be the Training and Placement Officer of this esteemed institution. The vast potential and talent of our students haven't gone unnoticed in the industry and year after year we witness an increasing number of companies approaching the Training and Placement Cell to hire graduates from IGDTUW. We are grateful to our industry partners and research firms that have trusted us for years and helped the university reach the zenith of success. Graduates of IGDTUW are hard-working, intelligent, dedicated women who leave no stone unturned in surpassing the industry standards. They have carved a niche for themselves in this world as incredible leaders, managers, team players, and technocrats.

It has been a sight of immense pride to witness the exponential rise of placement rates at IGDTUW and I am very hopeful about the laurels that the future has in store for IGDTUW.

On this note, I would like to extend a warm welcome to all the recruiters for the placement season 2021-22.

Prof. Jasdeep Kaur Dhanoa
